

413 03 04-45 Clear 2-3 mm Embellishment foot
(1, 2, 3, 4, 5, 6, 7)

Embellish your work with small pearls or beads. You can purchase them pre-strung, or string your own.

1. Thread the machine with polyester invisible thread on top and sewing thread in the bobbin.
 2. Snap on the Clear 2-3 mm Embellishment Foot.
 3. Select a zig-zag stitch, stitch length 4.0mm, width 3.0mm or the heirloom appliqué F15 stitch length 4.5mm, width 3.0mm
 4. Place the 2-3 mm string of pearls or beads under the foot laying them in the groove on the underside of the Clear 2-3 mm Embellishment foot.
 5. Stitch pearls or beads to a piece of scrap fabric first to test the thread tension. If needed lower the thread tension.
 6. Stitch slowly. (it might be necessary to adjust stitch length or width while sewing)
- NOTE: this foot also works great with mini piping or rattail cording. You will need to move your needle position for piping so it is sewing next to the cord.
