

## Accessories for Huskylock™ s25/s21

### Elastic Foot

The Elastic Foot guides and stretches narrow elastic (1/4-1/2", 6-12mm) as you sew it to fabric. It is great for sewing active wear, lingerie and other elastic insertion techniques.

Elastic Foot 6200865-96

### Beading Foot

The Beading Foot smoothly guides beads and pearls through a channel on the foot for easy application on garments or crafts.

Beading Foot 6200866-96

### Blindhem & Lace Foot

The Blindhem Foot is perfect for sewing invisible hems and for applying lace. The hem is sewn, overcast and trimmed in one step.

Blindhem & Lace Foot 6200869-96

### Taping foot

The Taping Foot is used to apply seam tapes to seams to prevent stretching. It is especially good for stabilizing shoulder seams. With this foot you can reinforce and construct seams in one step.

Taping Foot 6200868-96

### Piping Foot

The Piping Foot is perfect for inserting packaged piping into seams and on edges for a tailored finish. The trim is sewn between the two layers of fabric in one step. A groove under the foot helps guide the piping. You can also create your own piping for a custom finish. The Piping Foot makes it fast and easy to cover cording with fabric and to insert piping into seams for a professional look!

Piping Foot 6200867-96

## Accessories for *Huskylock*™ s15

### *Elastic Foot*

This foot is used for attaching elastic tape to the garment and the amount of contraction of the elastic tape can be adjusted as required. This foot can also be used for attaching tape to prevent stretching. Instructions for using the foot are included in the package.

Elastic Foot 6200815-96

### *Beading Foot*

This foot is used for sewing on beads, spangles, etc. Instructions for using the foot are included in the package.

Beading Foot 6200818-96

### *Blindhem hem Foot*

This foot is for sewing cuffs on knit fabrics, and hemming where seam should not be visible. Instructions for using the foot are included in the package.

Blind hem foot 6200817-96

### *Piping Foot*

This presser foot is suited for sewing welting between two layers of fabric. Instructions for using the foot are included in the package.

Piping Foot 6200816-96

### *Lace Foot*

This foot is used for sewing lace or borders together or onto the workpiece. Instructions for using the foot are included in the package.

Lace Foot 6200819-96

### *Yarn application foot*

This foot is used for sewing yarns (cords, nylon gut) up to a thickness of 1.0 mm. This produces an undulating or stiffer hem (e.g. on wedding dresses and valance).

Yarn application foot 6200820-96

### *Gathering foot*

This foot is most suited for gathering when sewing tiered skirts, yokes, cuffs and frills on skirts, etc. This foot is also suited for sewing two fabrics together and gathering the bottom fabric in one operation. Instructions for using the foot are included in the package.
