Embroider

Set your HUSQVARNA VIKING® DESIGNER TOPAZ™ for embroidery. For instructions see User's Guide. Hoop the gold front piece with tear away stabilizer underneath in your DESIGNER™ Splendid Square Hoop (120 x 120 mm). Choose design #12, thread with dark red embroidery thread and embroider the design. Cut down the piece to a circle with 8 ¼" (21 cm) diameter.

Sew

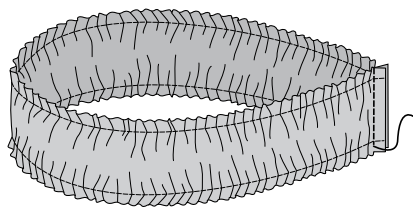

Snap on your Piping Foot. Place the piping along the edges of the embroidered round piece and pin in place. Sew the piping in place.

For instructions how to use a piping foot see Accessory User's Guide.

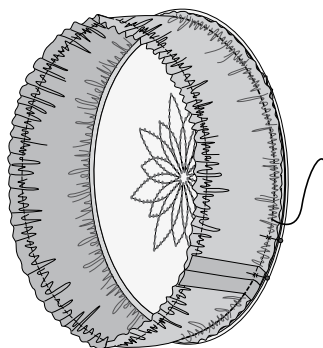

Gather the velvet side piece: Snap on the Gathering Foot, choose straight stitch, change the stitch length to 6.0 and thread tension to 8.0. Gather both sides of the piece. For instructions how to use a gathering foot see Accessory User's Guide. Cut the gathered

piece to measure 23" (60 cm). Pin the short ends, right sides together, snap on the Clear Seam Guide Foot and sew the ends with straight stitch.

Place the gathered piece on top of the piping, raw edges even, snap on the Piping Foot and sew the layers together.

Wrap the pillow round the pillow form, keep in place with pins. Place the round back piece on the back, fold the edges in and pin. Sew by hand with small stitches.
