Embroider

Combine embroidery designs #59-#63 in the optional 4D Embroidery Software. Make the combination in the DESIGNER™ Crown Hoop.

Set your DESIGNER TOPAZ™ for embroidery. For instructions see User's Guide. Hoop the blue front piece with tear away stabilizer underneath in your DESIGNER™ Crown Hoop (260 x 200 mm).

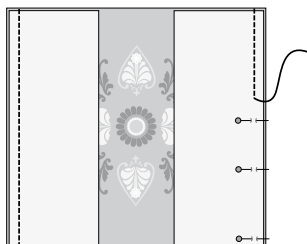

Embroider the design.

Sew

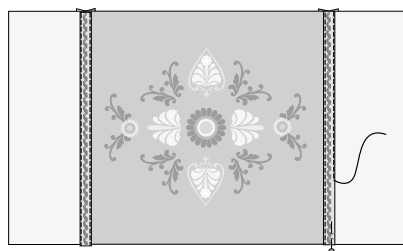

Snap on the B-foot, choose a decorative stitch (we have used stitch 3:27). Place tear away stabilizer underneath. Sew the stitch down the center of the ribbon. Tear away the stabilizer.

Trim the pillow front piece to measure 13" x 13" (33 x 33 cm).

Place the long ends of the small front pieces right sides together with the embroidered piece and pin in place. Snap on the Clear Seam Guide Foot, select Woven Medium, Seam on the Sewing Advisor and sew.

Press the seam open. Pin the decorated ribbon on top of the seam, snap on the Left Edge Top Stitch Foot and sew the ribbon in place with a straight stitch.

Snap on the Invisible Zipper Foot. Sew the invisible zipper between the long edges of the back piece. For instructions how to sew an invisible zipper, see Accessory User's Guide.

Place the front piece on top of the back piece, right sides together, pin in place. Open the zipper enough to turn the cushion right side out. Snap on the Clear Seam Guide Foot, select Woven Medium, Seam on the Sewing Advisor and sew around all four sides. Trim the corners and turn right side out through the open zipper.

Use the Decorative Touch Want to put hot fix Swarovski Crystals on brown velvet cushion front. Insert the pillow form.
