

**What is the HUSQVARNA VIKING® DESIGNER DIAMOND™ machine?**

The HUSQVARNA VIKING DESIGNER DIAMOND machine is the world's new top of the line sewing and embroidery machine. Now, sewers have the capability to create, view and customize embroidery designs in stunning detail on the largest and brightest, interactive VGA touch screen available in the sewing industry. At the touch of a fingertip or stylus, the DESIGNER DIAMOND™ machine will automatically embroider the sewers creation on the largest sewing and embroidery surface available.

**Who should purchase a DESIGNER DIAMOND machine?**

All sewing enthusiasts will want to purchase the new HUSQVARNA VIKING sewing and embroidery machine because it offers the most capability, convenience and innovation in the sewing industry. HUSQVARNA VIKING sewing machines give sewers high end convenience to enhance their joy of creative sewing.

**Why is the HUSQVARNA VIKING DESIGNER DIAMOND sewing and embroidery machine so exceptional for sewing enthusiasts?**

The DESIGNER DIAMOND sewing and embroidery machine combines quality Swedish craftsmanship with cutting edge technology, resulting in the most generous sewing features available. Sewing ideas that may have been considered too time consuming before, are no match for the new DESIGNER DIAMOND machine. With the DESIGNER DIAMOND machine as their partner, all the sewer needs to do is “just imagine.”

**Is the DESIGNER DIAMOND sewing and embroidery machine difficult to learn?**

Your DESIGNER DIAMOND machine features a user-friendly, intuitive and interactive step saver operating system so that everything is at your fingertips. Built-in Quick Help and a Quick Guide offer assistance at a moment's notice.

**What new embroidery features are available with the DESIGNER DIAMOND machine?**

The new DESIGNER DIAMOND sewing and embroidery machine brings sewers and quilters the fastest, easiest path from concept to completion thanks to many innovative features:

- Embroidery designs can be enlarged or reduced, moved and combined, perfectly positioned on fabric and at the same time viewed in striking 3-dimensional realism full screen in true colors on the world's highest resolution and largest *interactive touch screen* available on a sewing machine.
- The *largest sewing surface and embroidery area* available in the market today (embroiders up to 360x350mm) means you are no longer limited to smaller projects and constant re-hooping. The largest sewing surface allows you to create large sewing and quilting projects and provides freedom, flexibility and saves times.
- The DESIGNER™ Deluxe Selection feature offers more than 1,100 beautiful stitches and lettering, up to 41.7 mm wide with OmniMotion Stitches, plus hundreds of embroidery designs.

**What is included with the purchase of a DESIGNER DIAMOND sewing and embroidery machine?**

Sewers will receive the following when they purchase the HUSQVARNA VIKING DESIGNER DIAMOND machine:

- DESIGNER DIAMOND Embroidery unit
- Embroidery unit carrying case
- 3 Embroidery hoops:
  - DESIGNER™ Royal Hoop, 360 x 200 mm
  - DESIGNER™ Crown Hoop, 260 x 200 mm
  - DESIGNER™ Splendid Square Hoop, 120 x 120 mm
- Complete Education Package plus all the accessory feet, bobbins, and tools you need to get started.

**What optional accessories are available for the DESIGNER DIAMOND sewing and embroidery machine?**

To compliment and expand the unlimited creative opportunities with the DESIGNER DIAMOND machine for embroidery, sewing and quilting, we recommend using the following accessories:

- DESIGNER™ Majestic Hoop, 360 x 350 mm, 14 ¼" x 13 ¾"
- 4D™ Embroidery Software will add a whole new dimension to personal embroidery
- Additional accessory feet, hoops, and tools along with complete instructions on how to use them to make special technique sewing faster, easier and more professional can be found in the Accessory User's Guide which is included with your DESIGNER DIAMOND machine.

- Transport your DESIGNER DIAMOND machine and accessories in style with the carrying case (including wheeled luggage cart) and the accessory case.

**The DESIGNER DIAMOND machine has many features including the exclusive SEWING ADVISOR™ and EMBROIDERY ADVISOR™ software. Tell me more about these features.**

The SEWING ADVISOR feature takes the guesswork out of your sewing because it automatically and instantly sets the best stitch, stitch length, stitch width, tension, sewing speed and Sensor Foot Pressure when you enter your fabric type, fabric weight (like woven medium) and your sewing technique. It also recommends the best presser foot, the proper needle type and size and suggests when to add stabilizer or to cord a buttonhole.

Enter the fabric weight and type you will embroider and the exclusive EMBROIDERY ADVISOR™ feature recommends needle, stabilizer, thread and more for perfect embroidery every time.

**Why is the EXCLUSIVE SENSOR SYSTEM feature important to my sewing?**

The EXCLUSIVE SENSOR SYSTEM feature automatically and continuously senses the fabric you are sewing and adjusts the presser foot pressure accordingly resulting in even feeding as you sew. This means your seams are smooth and pucker-free regardless of the fabric type or weight. Sensor Foot Lift automatically lowers and raises the presser foot when you start and stop sewing. Stop sewing with your needle in the needle down position, and the foot automatically lifts to the Sensor Foot Pivot Position, just the right height for your fabric so that you may turn or adjust as you sew. Sensor Foot Extra Lift raises the presser foot to the extra high position and automatically lowers the feed teeth to slide thick quilts and fabrics under the foot easily.

**How will the Automatic Jump Stitch Trim feature help me?**

Extensive, colorful embroideries are easier than ever to complete due to the time-saving feature Automatic Jump Stitch Trim which automatically trims jump stitch threads while embroidering.

**How do I learn more about the DESIGNER DIAMOND sewing and embroidery machine?**

Find your local HUSQVARNA VIKING dealer online at [husqvarnaviking.com](http://husqvarnaviking.com) (Dealers, Dealer Locator) to answer your questions, give you a demonstration, and provide long-term support and classes.

### **Where can I purchase a DESIGNER DIAMOND machine?**

The DESIGNER DIAMOND sewing and embroidery machine is available from authorized HUSQVARNA VIKING retailers throughout the world.

### **How old is the HUSQVARNA VIKING brand?**

The HUSQVARNA VIKING brand began well over 300 years ago making firearms for the King of Sweden. As Sweden is a neutral country, in 1872 the factory decided to manufacture a peace-time product and began producing sewing machines. Over the decades, HUSQVARNA VIKING sewing machines have graced many different households. The factory in Huskvarna, Sweden is located on the same site where it originally began.
