

## DESIGNER DIAMOND™ Technique Step by Step #6 - DESIGNER™ Deluxe Tools

1. Slide on the embroidery unit.

2. Select Embroidery Mode to enter Embroidery Edit.

3. Touch the My Hoops Icon

4. Select the Royal Hoop 360 x 200

5. Touch the Start Menu to open the Extended Toolbar. The Design Menu will open.

### Design Selection:

Select DD\_114.vp3 daffodils.  
Select DD\_041.vpe birdhouse.  
Select DD\_043.vp3 tree.

1. When loading designs into Embroidery Edit, the last design loaded is selected by default.
2. Touch the embroidery field outside all designs to de-select them.

3. To select one of the designs, you can use the stylus and touch it on the screen or touch Step Through Designs. The selected design has a red line around it. 

4. Touch Step Through Designs until your tree is selected.

## Thread Color Change

1. Select Color Edit. 

2. On the Color Block List, touch Color 3:8.

3. Touch Thread  Color Edit.

4. The Quick Color pop-up appears with 64 different colors. Choose the color you want your birdhouse.

5. Touch OK to close the Quick Color Pop-up.

6. Touch OK to close Color Edit.

7. Select the single birdhouse.

8. With your stylus, drag the birdhouse into position so it is hanging from the hook on the tree.

9. Fine tune the position using the Control

arrows.

## Zoom:

1. Touch Zoom In to see where the house is connecting to the tree.

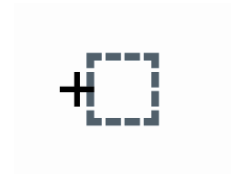

2. After you are satisfied with the placement, touch Zoom to Hoop to return to normal view.

## Design Grouping:

1. To select the tree and the birdhouse, touch Add/Remove Selection.

2. Select the tree, then touch Add/Remove Selection.

3. Touch Group/Ungroup.

4. A red square will surround the two designs in that group. They will now move together as one design.

5. Select the daffodils. Place them near the trunk of the tree. Touch Select

6. Touch Group/Ungroup. All the embroideries are now grouped and will move together.

7. Touch Control Center to Center in the hoop.

8. Save to My Designs. Touch

9. Touch My Files

10. Touch Rename.

11. Touch and Hold Delete

12. Enter Birdhouse.

13. Touch

14. Touch

OK

15. Hoop your fabric with Tear-A-Way stabilizer and slide on the hoop.

## Color Functions:

1. Touch GO! to go to Embroidery Stitch-Out.

GO!

2. Select Color Functions.

## Background Fabric:

1. Touch the Background Fabric to show the background fabric on the Ultimate Interactive Screen.

2. To change the background fabric color, Touch & Hold Background Fabric. Select a color from the 64 color choices.

## Monochrome:

1. Touch Monochrome to activate monochrome embroidery. All designs are shown in a grey color and the machine does not stop for color block changes.

2. Deactivate monochrome by touching the Monochrome again.

## Color Sort:

1. Color Sort intelligently sorts the colors in a design combination to sew all of one color at the same time. To sort the color blocks before embroidering touch the Color Sort Icon.

2. Color Sort your grouped designs.

## Color Merge

1. Color Merge eliminates the color stops between blocks with identical colors. After Color Merge, the DESIGNER DIAMOND™ sewing and embroidery machine will ignore the color stops between identical thread colors.

2. Do NOT Color Merge this design because you want it to stop for the appliqué placement colors.

3. Touch OK.

## Begin to Embroider:

1. You are ready to embroider your design.

2. Touch Start/Stop to begin embroidery.
