Quilt Sampler® Fall/Winter 2006 hits the newsstands September 19!

## Ready, set, SHOP!

There can never be too many quilt shops on your itinerary. The biggest challenge is making sure you don't miss any "must-see" shops along the way. We've made that easier by sifting through hundreds of nominations to bring you 10 top-notch shops in the Fall/Winter 2006 issue of Quilt Sampler® magazine (on sale September 19). This 164-page magazine will let you see inside these great stores; plus it gives you 10 all-new, exclusive quilt projects, like the one pictured here. Check your local quilt shop or national newsstand for an issue and have a chance to win an all-expense paid trip to one of these shops.
