

Speed, Creativity and Ease on a Mega Scale!

Husqvarna Viking MegaQuilter is big on features but not on price nor space. At 1,600 stitches per minute, this straight stitch machine is perfect for piecing or freely discovering creativity. The optional Inspira Quilting Frame, sized at 5' or 10', lets you quilt with precise smoothness, ease of a touch and the simplicity of a professional. Together, the MegaQuilter and Inspira Quilting Frame make quilting Mega fun, at a miniscule price.

For more information and to test drive, visit your local Husqvarna Viking retailer or www.husqvarnaviking.com.

Cheryl Barnes from Golden Threads says the MegaQuilter and Inspira Quilting Frame is the perfect pair for home quilters.

The Inspira Quilting Frame comes with 24 Pantograph quilting patterns.

Optional Cruise Control™ keeps your stitching consistent with your speed. Fast, slow or in-between, it regulates speed and stitch length.
