

*Wool Embroidery*

EMBROIDERY CLUB #86

Designed by Marie Duncan and Denise Applegate-Schober

Poncho's are in! Make this delightful poncho for yourself and all your friends! The wool embroidery uses yarn to give the look of traditional wool embroidery. It's a great excuse to buy all those wonderful exquisite yarns you fall in love with, and not feel guilty because you don't get them knitted up! The quick project is adding several flowers to a readymade skirt or garment of your choice.
