This irresistible puppy comes with your Christmas decorations every year from now on. No more brown, boring boxes! They are so easy to make so why not make several boxes at the time and to give to your friends and family as a personalized Christmas gift. Use any light weight fabric. ## Cut

Cut the embroidered fabric in a circle 18" (45 cm) in diameter. Cut the other piece of fabric for the bottom of the box in a circle 20" (51 cm) in diameter.

If you are a Huskylock owner, sew with a 4-thread overlock around the circles, otherwise sew with a 3-step zigzag stitch.

Form pleats around the box and glue the fabric in place on both bottom piece and lid. Cut the silk ribbons in two and glue them in place in the box lid. Start with the olive green ribbon and then the wine red ribbon on top. Repeat with the other two ribbons on the opposite side of the lid (Illustration B).
