Bringing All the Pieces Together

INNOVATIVE FEATURES FOR COMPLETE QUILTING CREATIVITY

OPTIONAL ACCESSORIES

- TruStitch™
- Horizontal Spool Pin
- 18” Table Extension
- Table Overlay

The TruStitch™ stitch regulator is designed to turn the PLATINUM™ 16 machine into a stitch-regulated quilting machine. It uses patent-pending technology to track your sewing motion and regulate the stitch length as you move the fabric around the table.

Love to free-motion quilt but struggle to fit your project in a small space? You’re going to love the HUSQVARNA VIKING PLATINUM™ 16 quilting machine. The large throat space gives you sixteen inches of space to complete a king size quilt. The smooth surface of the table allows your project to glide under the needle. The powerful motor makes quilting a snap with up to 1,500 stitches per minute. You can even choose your three favorite top speed settings on the easy-to-use color touch screen and let the HUSQVARNA VIKING PLATINUM™ 16 quilting machine remember them. An optional TruStitch™ module is also available for consistent stitch regulation.

**Professional Quilting in an Innovative, Compact Machine**

Enjoy ample room to easily complete any size quilting project with 16” of throat space and 8” of vertical space. Let your creativity flow at your own speed with the PLATINUM™ 16 machine’s powerful motor, capable of up to 1,500 stitches per minute. The entire work area is lit with bright LEDs for maximum visibility of your project. You’ll have complete support for any size project with the included 36” x 30” table. Set your preferred speed on the color touch screen, with quick access to the stitch counter, calculator, and diagnostics program. Additional features include:

- Large-Capacity M-Size Bobbins
- 4 Spool Thread Stand
- Needle Up/Down with One Tap of the Foot Pedal
- Separate Bobbin Winder
