Designed by Marie Duncan

This delightful organza creation can be used as a mantel scarf or centerpiece on a holiday table. You can make it for Christmas, New Years, Hanukah or just because you are going to have a celebration! It will be beautiful for any occasion! It serves double duty, as it also makes an elegant “cover-up” to throw over your shoulders on the way to a party!

The quick project is the individual elements that can be used as coasters, package decorations, appliqués on garments or Christmas Tree ornaments. The choice is yours! Make a bunch, because they are sure to be popular.
