HINT FOR STITCHING HEAVIER FABRICS

If your Husqvarna Viking sewing machine has a Sewing Advisor, select woven heavy for heavier fabric types or vinyl/leather when stitching in plastic, vinyl, faux leather or real leather. Touch seam. Thread with a heavier sewing thread on top and regular sewing thread in the bobbin. Use a denim needle or a topstitching needle that has a larger eye when using topstitching thread, which is heavier than a regular sewing thread. On other machine models, select straight stitch, stitch length 3.5 for topstitching and 3.0 for regular seams.

SEW

OUTER POCKET

Trace the flower patterns onto paper and cut out. Cut flowers in various shapes in leather and faux leather.

Attach the Open Toe Stippling Foot. Use embroidery thread on top and sewing thread in the bobbin. Lower the feed teeth. Set up your sewing machine for free motion stippling. On Designers select V1, on other models select straight stitch. Arrange the flowers on the pocket. Hold in place with glue stick. Arrange some of them double, and stitch them in place with free motion stitches. Illustration A.

Snap on the Non-Stick Foot. Rethread with topstitching thread on top. Select center needle position straight stitch 3.5. Fold under the seam allowances of the outer pocket, inner pocket, the shorter sides of the side piece and on one of the long sides of the front and back piece. Topstitch to the outside (fabric side). Illustration B.

To make the handles, cut the cord in half. Fold the 1 3/4" x 38 1/4" (4 x 97 cm) pieces in half lengthwise, wrong sides together, with the cord sandwiched between. Select right needle position. Sew an 18" (45 cm) long seam in the center to sandwich the cord to the inside. Illustration C.

Tape and stitch the handle to the front piece with the pocket in between as illustrated. Repeat for back piece (but without pocket). Illustration D.

To sew the zipper, rethread with matching color sewing thread on top and in the bobbin. Use right needle position straight stitch. Place the zipper underneath the folded edge and stitch letting the edge of the foot follow the folded edge of the fabric. Fold the seam allowance around the beginning of the zipper as illustrated.
