

Santa Hat Purse

Thanks to Pam Hudson, Summerville, SC
Presented by Sue Hausmann, Quick Gifts to Make

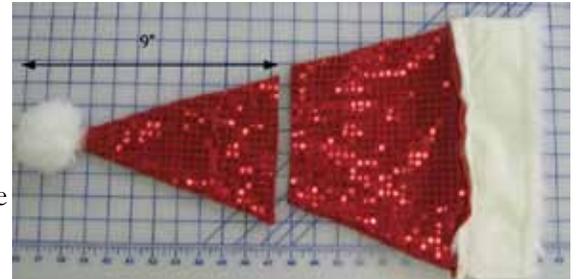

Everyone you know will be delighted with one of these cute, seasonal Santa Hat Purses! Make a bunch to have on hand for last minute gift giving!

Sewing Supplies:

Purchased Santa Hat
3" x 24" Christmas Print for Handle
1/2 yard Christmas Print for Lining
Husqvarna Viking Dual Feed Foot
Clear Seam Guide Foot #413 03 48-45
1" x 24" Strip of Batting
Sewing Thread

1. Fold out the white trim strip on the hat. Measure 9" from the tip of the white ball. Cut as shown.

2. Tuck the white fur inside. Using the main hat piece as a pattern, cut a front and back lining piece from Christmas print 1/2" bigger all the way around than the hat piece.

3. Turn the hat inside out so it is right sides together. Enter Heavy Woven and Select Seam on your Exclusive SEWING ADVISOR®. Snap on your Clear Seam Guide Foot. Stitch across the bottom as shown using a 5/8" seam allowance.
4. Place the lining pieces right sides together. Refer to the hat piece to determine which edges to sew. Stitch the sides and bottom using a 5/8" seam allowance.
5. Press 1/2" to the wrong side around the open top of your lining.

6. Fold and press 1/2" to the wrong side along one long edge of the 3" x 24" handle strip. Place the 1" x 24" strip of batting next to the pressed portion. Fold the unpressed edge over the batting as shown.

7. Then fold the pressed edge over and press.

Attach your Dual Feed Foot. Thread with sewing thread top and bobbin. Select a zig zag stitch 4 width and stitch down the center of the strap along the folded edge.

Assemble your Purse:

1. With the wrong side of the lining out, pin the top of the hat to one edge. Be sure not to pin the lining shut. Pin one end of the handle to the wrong side of the fabric, on each side seam. Baste in place.
2. Place the lining inside the outer purse. The fur should be up. Stitch using a zig zag stitch, through all the layers using your free arm. The handles and top of the hat will be caught in the stitching. Fold the fur down over the stitching and you are ready to go!
